Subject: Inadequate supply of drinking water due to leakage in the pipe line near Gokul Garden, Sec- 7 Dwarka

Respected Sir,

It is brought to your notice that for last several days we (Kamal Vihar CGHS Ltd, Plot No. 5, Sector – 7, Dwarka) are getting short supply of drinking water due to low pressure in our main supply line of drinking water. On checking it was found that water is leaking in large quantity from the main supply line near Gokul Garden behind our society.

It is therefore requested that preventive steps may kindly taken immediately so that the full supply of drinking water to our society could be restored to meet the requirement of our residents.

Thanking you
Yours sincerely,
For Kamal Vihar CGHS Ltd
Secretary
