Ref No - KV/CGHS/154/2025

Dated 20-09-2025

Notice

Dear Residents,

As you can see that speedily repair work is going on in the society. Work to make our Fire fighting system functional has almost completed. We have applied for NOC from Delhi Fire Service and accepting inspection of the system by a Delhi Fire Service Team any time. The flowers / plants pots and other articles placed on the floor in the common area and near main doors of the flats could be major hindrance for getting clearance for NOC of our Fire fighting system from Delhi Fire Service.

Management has requested earlier also and now again requesting the residents to clear the common area as well as the main doors of the flats so that we may not face any problem in getting NOC for our Fire fighting system if residents fail to remove their pots and other articles from the common area by the end of current month then management would be forced to remove such articles w.e.f. 01st October 2025.
